WORK DAYS ARE LOST
due to the flu annually

BUSINESSES LOSE
\$7 BILLION
per year due to sick
days and decreased
worker productivity

The flu costs businesses
\$10.4 BILLION
IN DIRECT COSTS
– hospitalizations, outpatient
visits, medicines, etc.

ASK YOURSELF

- What is the threshold for the number of absent employees that would cause a business interruption event?
- What would a staff shortage mean to daily operations?
- What business operations are most vulnerable to absenteeism?
- What is the plan to proactively plan for large scale absenteeism?
